# 1. Affiliate Module

Anyone can voluntarily become an Affiliate of this platform.

An affiliate promotes the products and the platform to outside users, and earns a small commission for each sale due to them.

For the easy track of sales, an affiliate user is given a unique link.

Commissions are given when someone clicks the respective unique link and successfully purchases a product from the platform.

An affiliate can only be an affiliate on the platform. You will not be able to purchase anything from the platform as well.

If you want to become a buyer on the platform, you need to contact the admin. Only the admin has the option to mark your account as a buyer account as well as an affiliate account.

However, you still cannot become a seller or advertiser using the same account details.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

## 2. Registration

Visit the homepage of the platform to register as an affiliate and begin your journey towards becoming rich.

On the homepage, scroll down to the footer section of the page.

You will come across multiple pages that can help you navigate through the website and use its various features.

Amidst these links, there is an “**Become an Affiliate**” link. Click this link to register as an affiliate on the platform.

### 3.3 Problems Logging In

If you are experiencing problems while trying to log into your account and can see the below error message, this means that the admin has deactivated your account.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Moreover, if the admin has removed your account from the platform, you will not be able to log in at all.

Kindly contact the admin in such cases.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

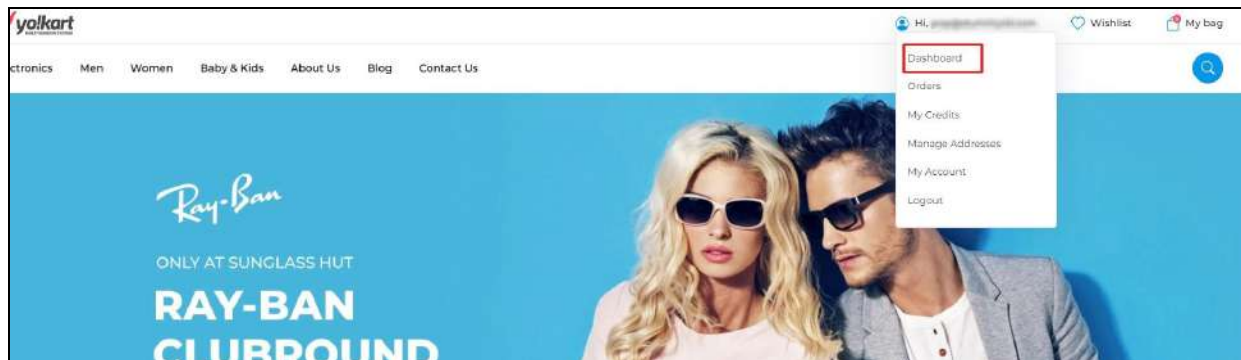

The **secondary language** setting and tab is **ONLY available** if the admin has added more than one language for the platform.

## 4. Dashboard

Once you log into your account successfully, the first thing you see is the homepage of the website.

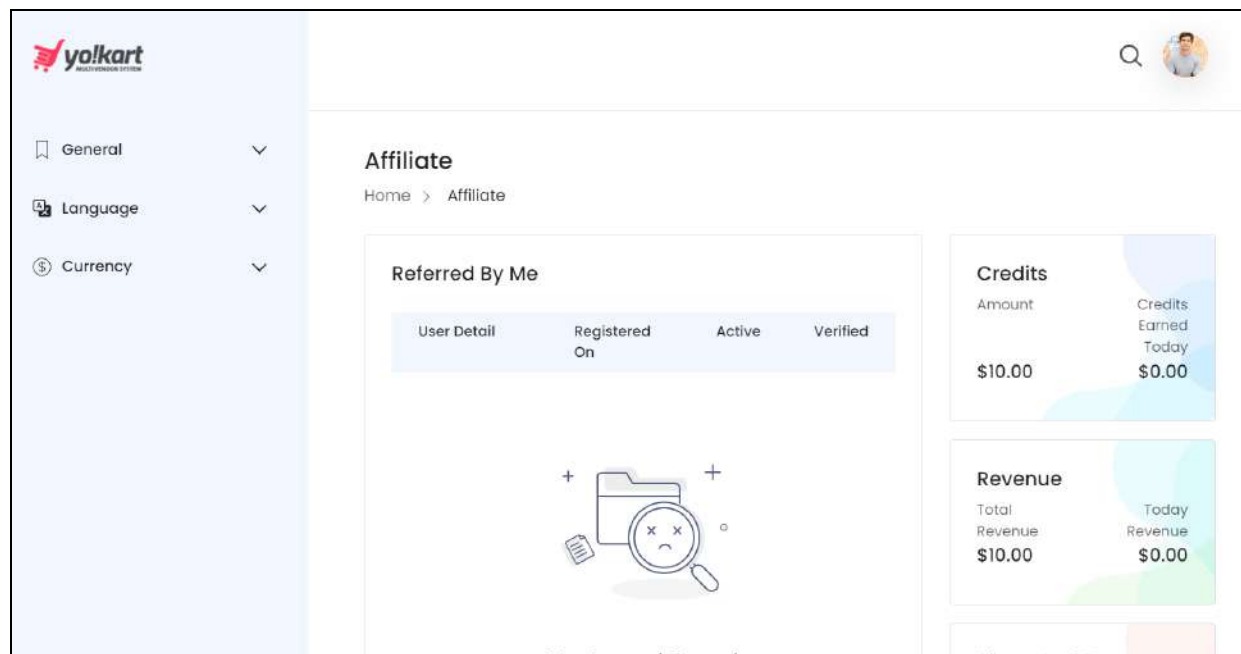

From here, click your name at the top right corner of the page. A dropdown menu will appear.

Select **Dashboard** from the list.

This will direct you to the affiliate dashboard.

There are multiple different sections on the dashboard that share a brief about the analytics and metrics solutions to help manage referral users, track your transaction history, view total credits and revenue earned.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

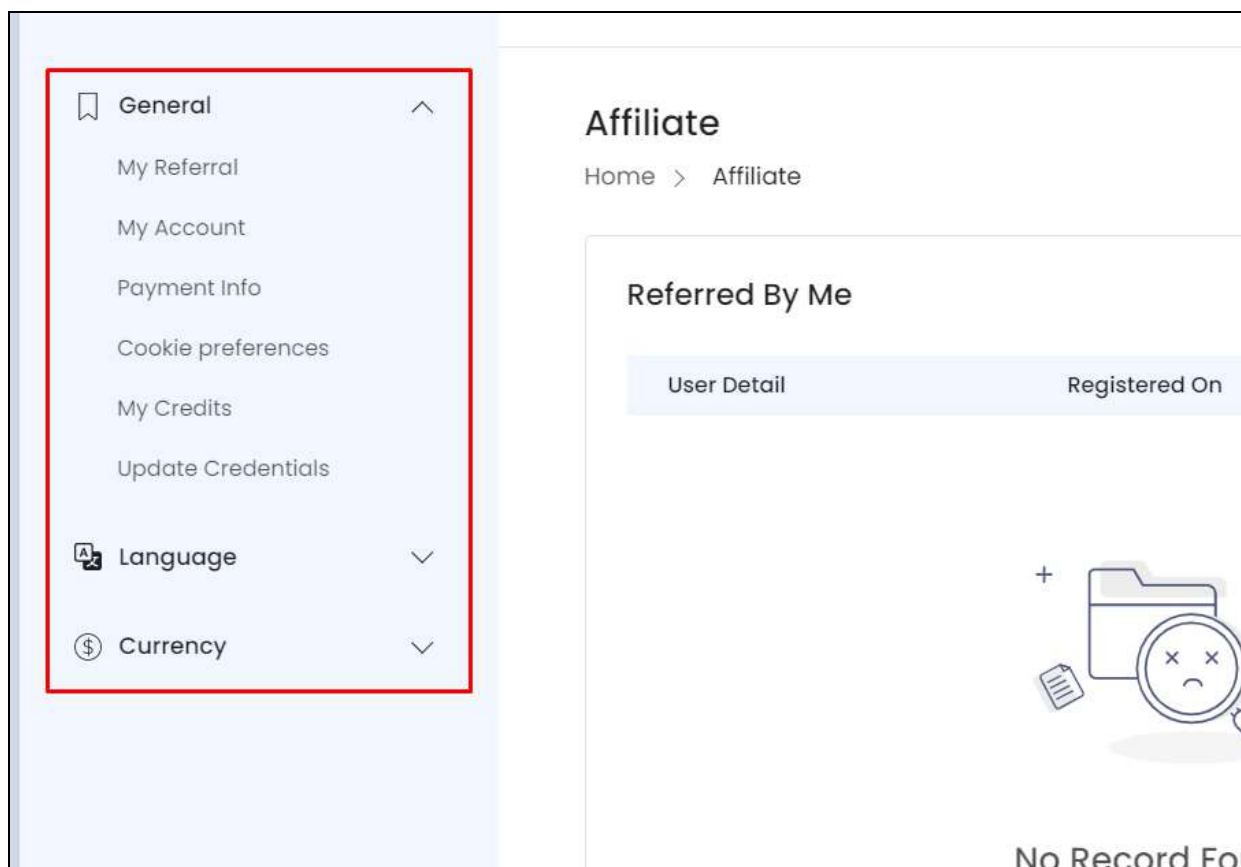

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

In addition, there are multiple sections that can help you navigate through the platform easily.

Each section has been explained below in detail:

## 4.1 Navigation Menu

On the left side is a **navigation menu**.

These are referred to as modules that allow you to manage your account and perform various tasks accordingly.

Click a module from the menu and its accordion content will be displayed.

Click a submodule from the accordion list to visit its page and manage the respective tasks accordingly.

Each of these modules under the navigation menu will be explained further (from the [next section](#)).

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

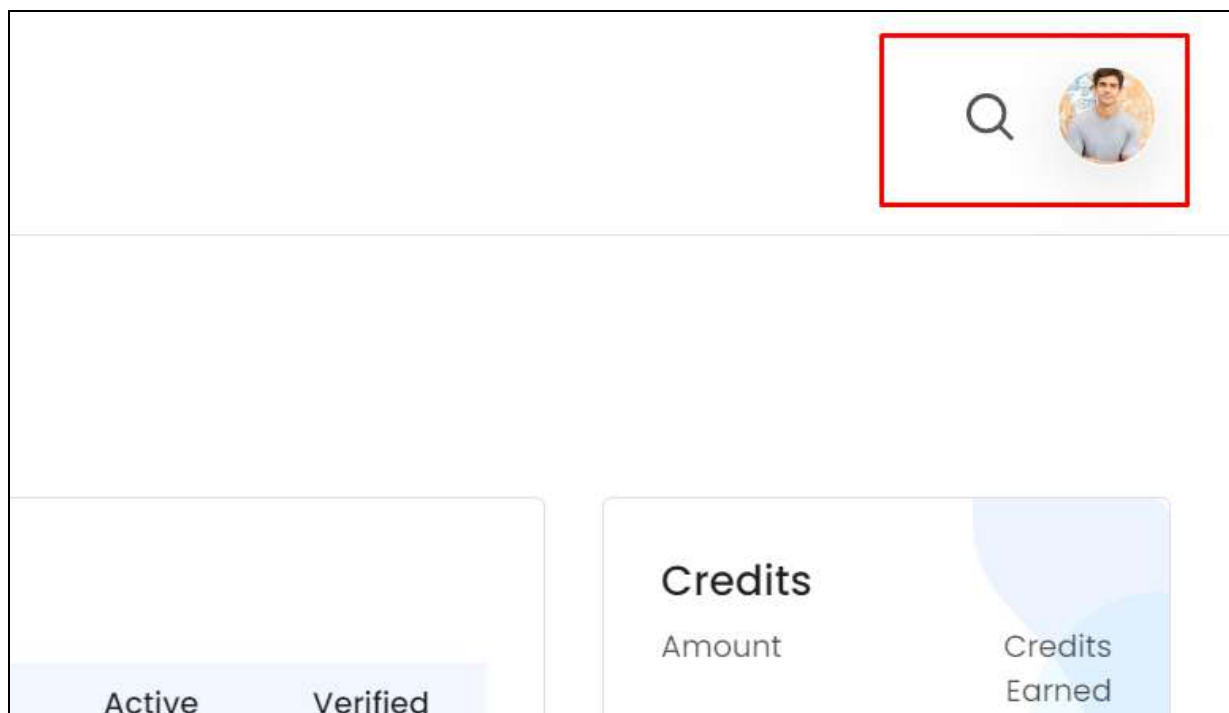

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

## 4.2 Top Header

At the top of the page, there are two icons, namely a search icon and a profile icon.

Each of these icons are explained below:

### a. Search Icon

Located at the top-right corner of the dashboard, there is a search icon. It is a static icon that will remain in the same position regardless of which page you visit on the dashboard.

Click this icon to look for any module that you are not able to locate otherwise.

When you click this icon, a pop-up search form appears.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Enter the name of the module you are searching for, in the search bar provided (where it says Go To..). While typing, an auto-populated list of relevant records will appear below.

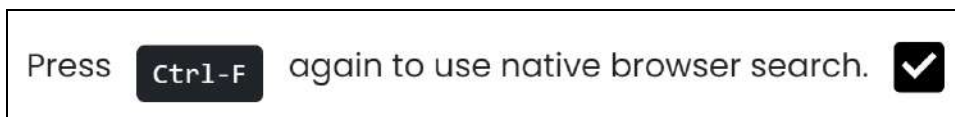

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.  
 An **asterisk (\*)** next to a label indicates that the information is mandatory.  
 The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Click the relevant option from the narrowed-down list. And this will direct you to the respective module.

 This search option only allows you to search for a module or submodule, and not for a feature or setting that comes under a submodule's page. To search for such features or settings, you will manually have to look for them under each sub-module.

To activate regular search (browser search option), select the checkbox ☐ provided at the end of “Press (Ctrl + F) again to use native browser search” and it will convert into a regular search.

Once you do this, close the search form by clicking the cross icon .

Now, when you press Ctrl + F, the browser search will open.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.  
 An **asterisk (\*)** next to a label indicates that the information is mandatory.  
 The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

If you try to use the browser search option by pressing Ctrl + F without selecting the “Press (Ctrl + F) again to use native browser search” checkbox on this form, it will open this search form and not the browser’s search bar.

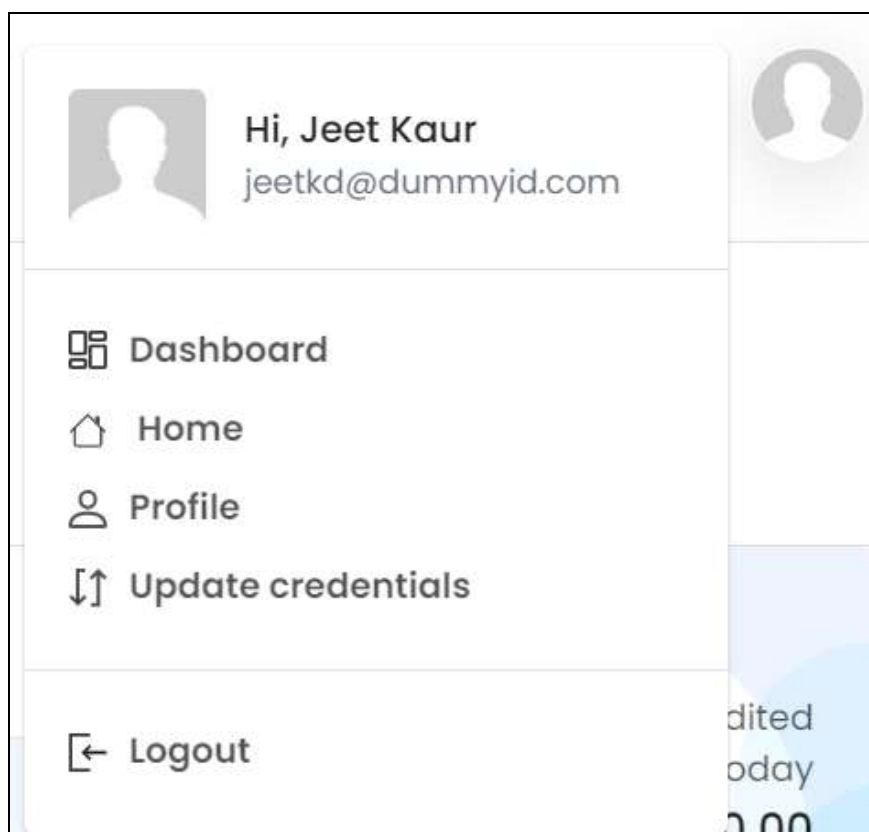

## b. User Icon

The user icon is located at the extreme top-right corner of the dashboard.

It is a static icon that will remain in the same position regardless of which page you visit on the dashboard. The options under this icon include dashboard, home, profile, update credentials and logout.

If you have uploaded a profile picture, the icon will have the uploaded picture in it. And if you did not upload a picture yet, it will have a blank profile picture.

Click this icon, and a tiny drop-down menu will appear.

This menu list includes some quick navigation links. Click each option to go to their respective pages. The options include:

- **Dashboard:** This will direct you to the dashboard, regardless of wherever you are on the platform.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

- **Home:** This will open the front end homepage of the website on another browser tab.
- **Profile:** This will direct you to the account settings page, where you can quickly update your name, date of birth, company name, and set dashboard preferences.

Visit this page directly under **General** > [My Account](#) (through the left navigation menu).

- **Update Credentials:** This will direct you to the **Update Credentials** page, where you can update your email address and password related credentials.

Visit this page directly under **General** > [Update Credentials](#) (through the left navigation menu).

- **Logout:** This will terminate the session, log you out of your account, and take you back to the guest user's login page.

## 4.3 Center of the Dashboard

The list is arranged in the ascending order, where the most recent transactions are seen first, followed by the subsequent transactions.

View and track the transaction details including the transaction ID, date of transaction, credited amount, debited amount, wallet balance, comments regarding the transaction and the status of the transaction.

There is a **View All** link displayed at the top-right corner of the table. Click this to view the complete list of transactions.

This will direct you to the [My Credits](#) page.

## 4.4 Right side blocks

On the right-side of the dashboard, there are five blocks displaying the basic information regarding your account's credits, your revenue, and your unique referral link.

Below that, there are two sections where one allows you to directly post your link on Facebook, and the other allows you to directly share the referral link through an email by clicking the respective sections.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

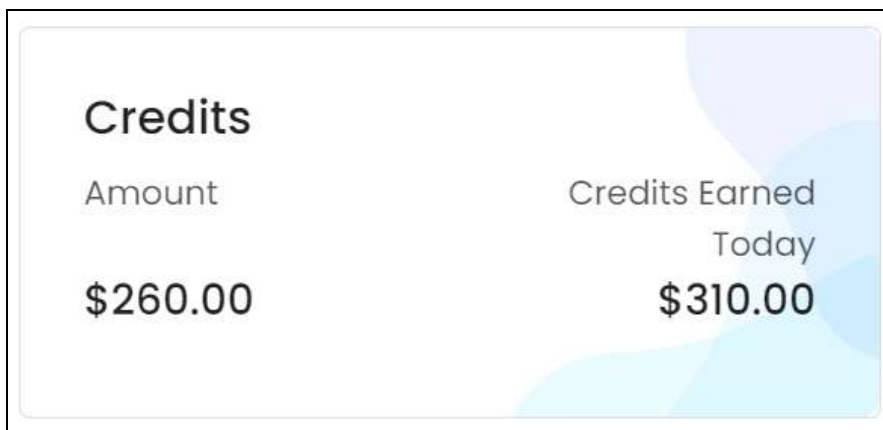

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Each section has been explained in detail:

### a. Credits

This section displays the total balance available in your wallet under Amount.

It also displays the amount earned today.

Click this section and it will direct you to the [My Credits](#) section.

### b. Revenue

This section displays your total revenue through referrals. It also displays the total revenue earned today.

Click this section and it will direct you to the [My Credits](#) section.

### c. Share And Earn

This section has your unique referral link that you can copy easily and share accordingly.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.  
 An **asterisk (\*)** next to a label indicates that the information is mandatory.  
 The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Simply click - “**Click to Copy**” to copy the link and it will be copied to your clipboard.

Share the link with anyone easily by pasting the same accordingly on whatever platform you are on.

This is the only place from where you can copy your unique referral link.

#### **d. Post on Facebook**

Click this section to directly post the referral link on your Facebook wall.

When you do this, Facebook’s login page will open in a new browser window. Log into your account on Facebook and the auto created post will appear ready to be posted.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

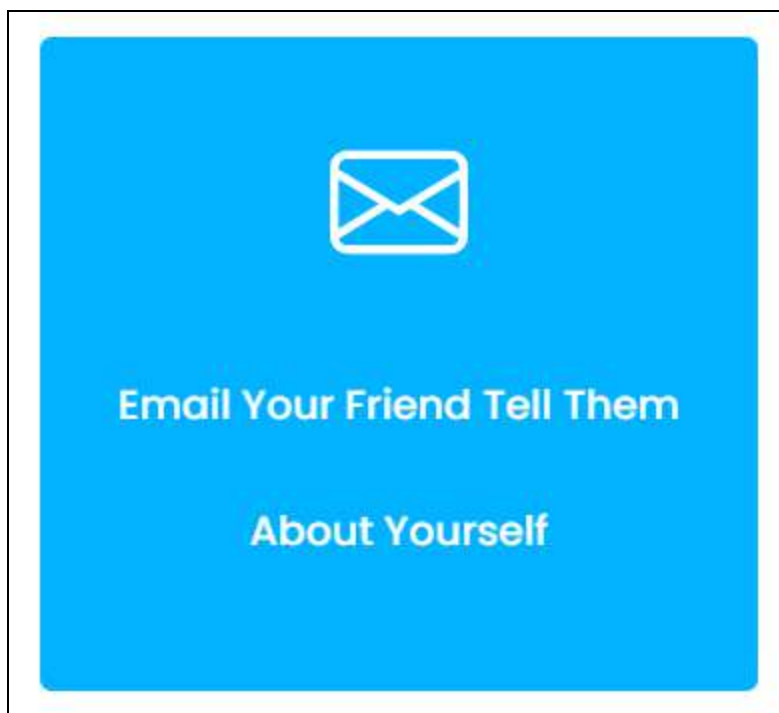

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Edit the post as per your requirements. And once done, share it as a status on your Facebook Wall.

#### d. Email Your Friend

Click this section to directly email your friend regarding the platform, and share the referral link accordingly.

When you click this section, a pop-up form appears in the middle of the page.

## 5. General

This module allows you to manage general information about your account. You can view, update and manage your affiliate profile under this.

 The admin has the option where they, too, can update your profile information whenever they want. In case of any such issues, contact your administrator.

In addition to this, this is the only main module on your profile. And under this, you can also keep track of all the referrals.

Expand this module to view the sub-modules. Then, click the sub-module to visit their respective pages.

Each sub-module has been explained in detail.

### 5.1 My Referrals

Keep track of all the users that join the platform using your unique referral link.

My Referrals				
Home > Referred By Me				
<div> <input type="text" value="Name Or Email"/> <input type="button" value="Search"/> </div>				
User	Email	Registered On	Active	Verified
Seema(seema)	seema@dummysid.com	14/04/2023	Yes	Yes

The table displays the following information:

- **User:** This is the name and username of the user that joined the platform using your referral link.  
The username is in the brackets.
- **Email:** The email of the respective user.
- **Registered On:** The date when the user registered on the platform.
- **Active:** This is the status of the user's account on the platform.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

“Yes” means that the account is active, and “No” means that the account is not active.

The admin can deactivate a user as they please.

- **Verified:** This defines if the user is a verified user or not.

A user becomes verified once they verify their email address after registration. In fact, a user cannot log into their account and perform any actions without verifying their email address.

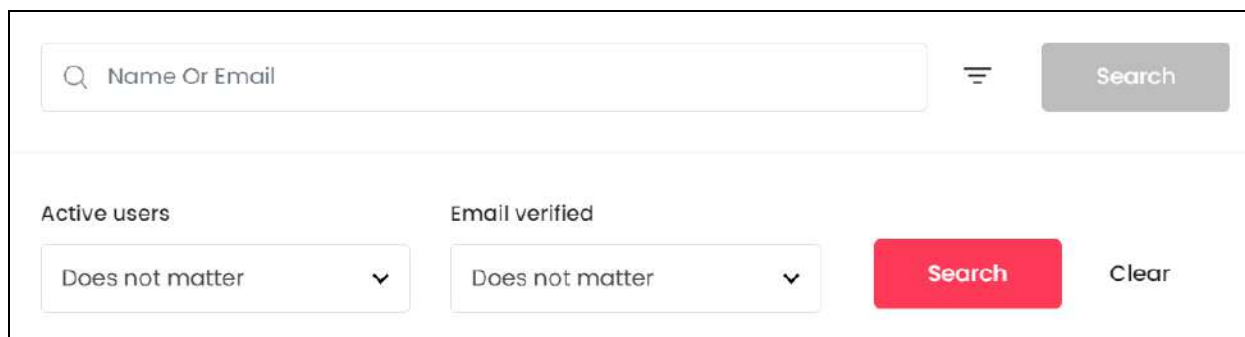

## Search for a Referral

Search for a specific referral from a large list using the search functionality at the top of the list.

Click the **doner** icon

to expand the search panel.

There are several filters that allow you to narrow down the search. Each field is explained below:

- **Name or Email:** Enter the name or email address of the referred user.  
Ensure that you enter just one of these two pieces of information.
- **Active Users:** Click the field and a dropdown list will appear. Select if the user is active or not from the following options:
  - Does not matter
  - Yes
  - No
- **Email Verified:** Click the field and a dropdown list will appear. Select if the user has verified their email or not from the following options:
  - Does not matter
  - Yes
  - No

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

Search for a transaction by editing just one field or even a group of fields. In addition to this, if you want to view transactions made between a date range, use the date fields.

Once you have filled in the fields, click **Search** to get the results.

Click **Clear** to clear all the fields and start over again.

## 5.2 My Account

This is the my account page where you can see the information you added when you registered on the platform.

This includes your name, email address, date of birth, location and a brief about you.

The username, email and contact numbers were mandatory to register on the platform. These fields are non-editable.

The rest of the details can be edited.

Some of the fields will already be auto-populated by the information added by you while you were registering on the platform.

## Display/Profile Picture

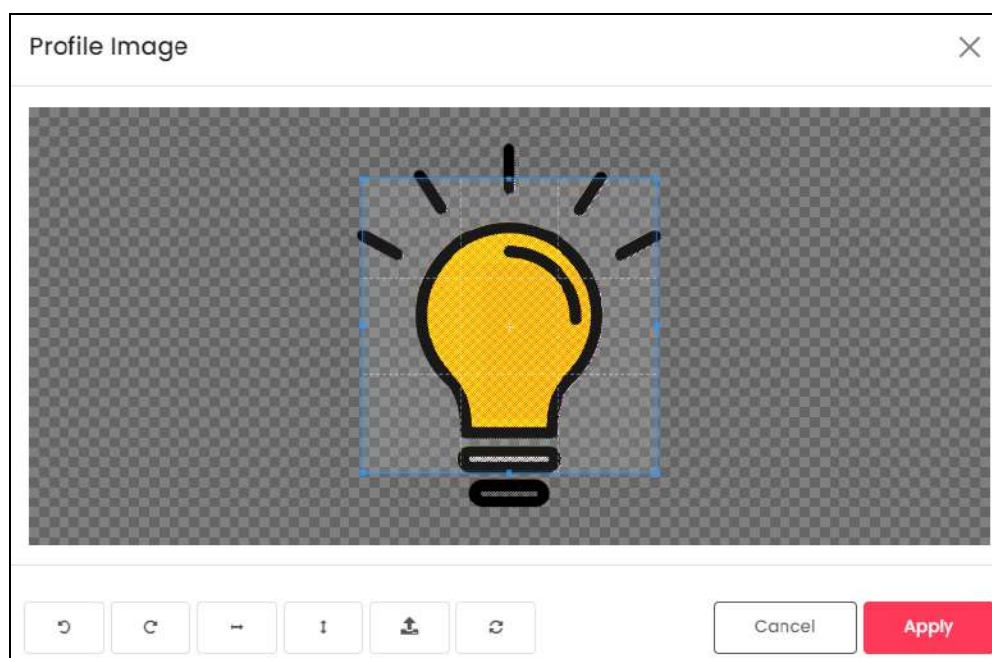

On the very top of the page, there is a blank user picture with an action icon beside it.

You can add a display picture for your profile through this field.

To upload or edit the picture, click the edit icon beside the user picture. Select a picture from your system and click Open.

The image will open in an image editor pop-up, in the middle of the screen.

Use the various tools available in the editor to modify the image. The tools include:

- **Rotate Left**  : Click to rotate the image towards the left.
- **Rotate Right**  : Click to rotate the image towards the right.
- **Flip Horizontally**  : Click to flip the image horizontally. With this, the image will be mirrored in the horizontal direction where the left side will be the right side, and vice-versa after flipping it.
- **Flip Vertically**  : Click to flip the image vertically. With this, the image will be mirrored in the vertical direction where the top will be the bottom, and vice-versa after flipping it.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

- **Upload Image File** : Click to upload another image instead of this one. Use this option if you selected the wrong image by mistake.
- **Reset** : Click to reset the image to its original form and remove all the adjustments made to it.

You can zoom in or zoom out the image by using the scroll button on the mouse.

Once done, click **Apply** to upload it. To cancel the process, click **Cancel**, or click the **cross icon**  in the upper-right corner of the pop-up form.

The profile picture will be uploaded.

With the uploaded picture, another action icon appears beside the edit icon.

Click the **delete icon**  to delete the uploaded image. Once you have deleted the image, the delete icon will disappear.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

## 1. Request to Remove My Data

Click this button to request for the removal of your data from the database of the platform. This request goes to the admin of the platform.

When you click this, a Truncate Request pop-up dialog box will appear in the middle of the screen. It is a warning message asking you if you are sure you want to delete all your data from the database.

To truncate the data, click **Yes**. If you do not want to truncate the data, click **Cancel**.

 When you agree to have your data deleted and the admin approves of it, all your data including your addresses, basic information, profile picture, wallet balance and everything will get deleted. And with this, your account will get deactivated.

When you click **Yes**, the request will be sent to the admin. The admin can review the request and either leave it or approve the request.

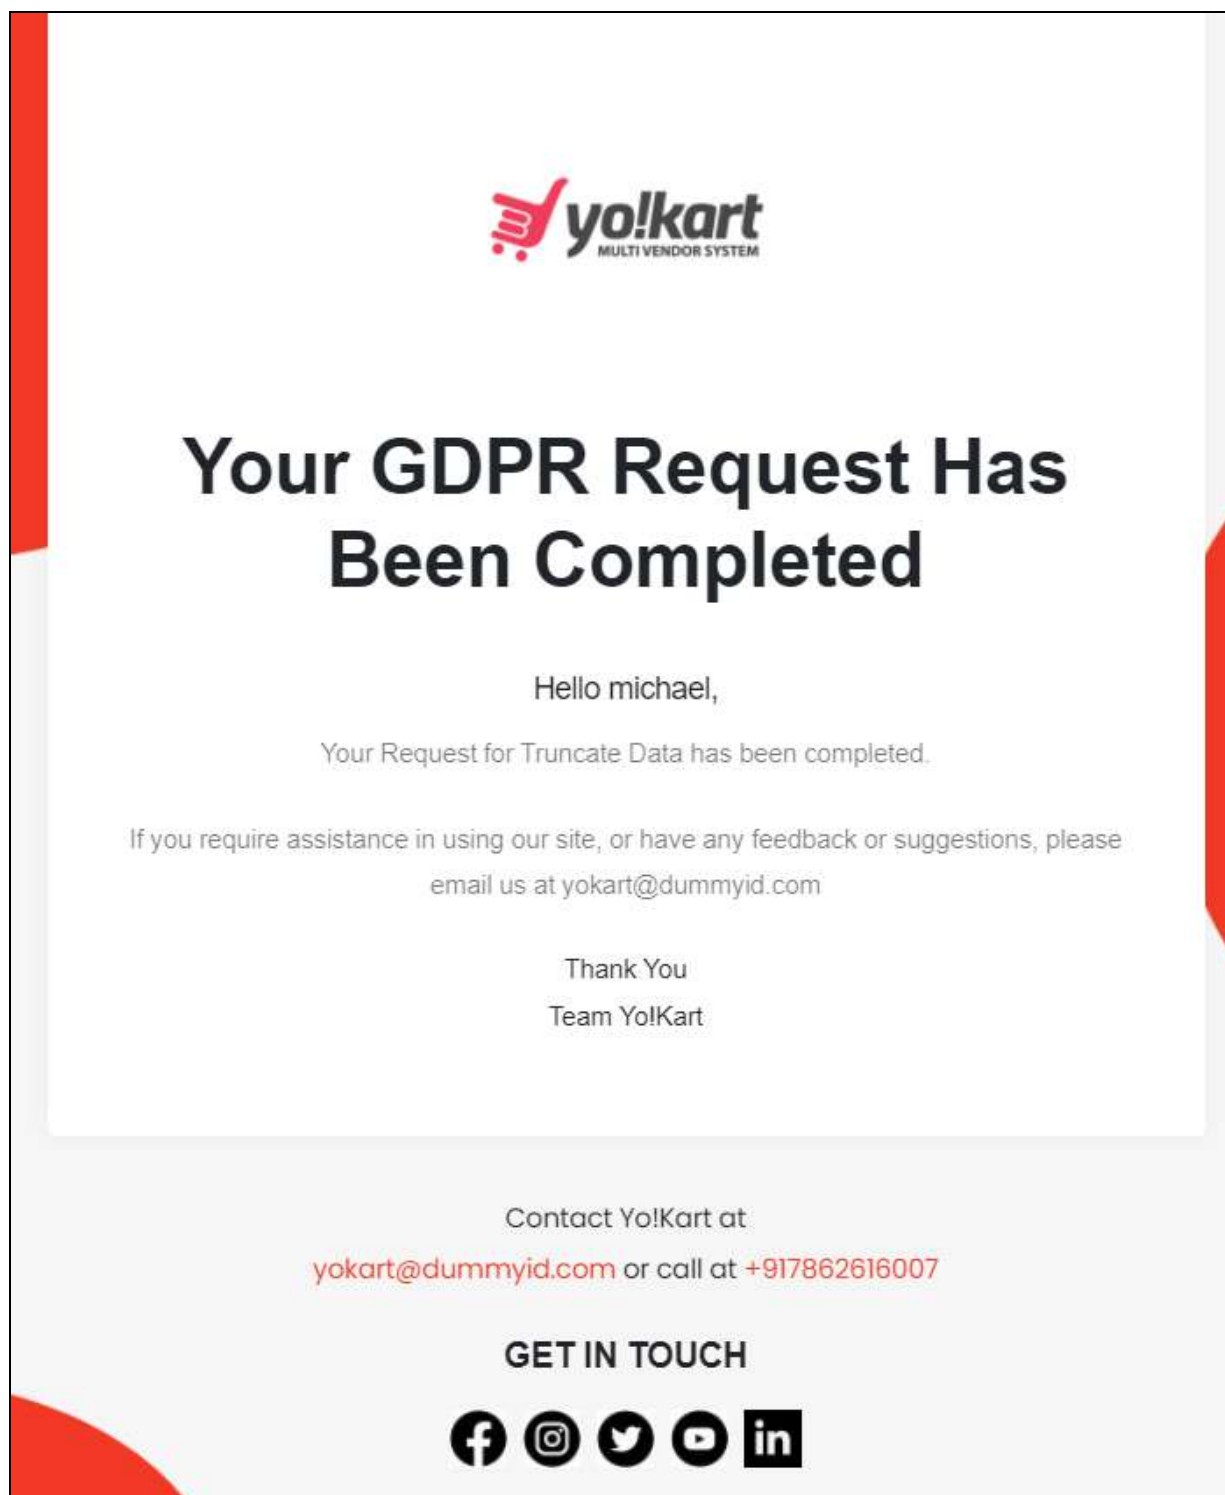

As soon as the process is approved, your account will be deactivated. In addition to this, you will get an email letting you know regarding

## 5.4 Cookie Preferences

Yo!Kart offers you the option to manage your cookie preferences. You can grant or deny permission for various types of cookies, including, functional cookies, statistical analysis and personalization experience cookies.

When you click this submodule, it directs you to a page where you can see these cookies and the option to either grant or deny permission to them:

### Cookie preferences

Home > Cookie preferences

☒ **Functional**

These cookies are required for optimum operation of the website, and cannot be configured. They allow us to offer you the key functions of the website (language used, display resolution, account access, shopping bag, wish list, etc.), through various plugins and additional functions that helps in proper functioning of the website and acts as a safeguard against any attempted fraud.

☒ **Statistical analysis**

These cookies are used to measure and analyse our website audience (visitor volume, pages viewed, average browsing time, etc.) to help us improve its performance. By accepting these cookies, you are helping us to improve our website.

☒ **Personalize experience**

These cookies allow us to provide you with online or in-store recommendations of products, services and content that match your expectations and preferences. By accepting these cookies, you are opting for an enriched and personalized experience.

An **asterisk (\*)** next to a label indicates that the information is mandatory.

The **secondary language** setting and tab is **ONLY** available if the admin has added more than one language for the platform.

## i. Functional

This cookie preference has been activated  by default. With this activated, it allows the platform to allow the various plugins and additional functions that assist in the use of the website. Deactivating it will not allow you to use the platform smoothly.

In short, this is the most important cookie feature that is mandatory for the proper functioning of the platform.

Due to this, you cannot access the toggle switch to deactivate  this feature.

## ii. Statistical Analysis

The statistical analysis cookies, which are also known as the third-party cookies, collect information from third-parties, including Google Analytics, Site Tracker Code, Google Tag manager, Facebook Pixel ID, Hotjar.

This information is then placed on the website through a script or tag. A third-party cookie is accessible on any website that loads the third-party server's code.

Click the toggle switch beside the heading to turn it ON  or OFF .

 It is advised to give permission so as to enhance the performance of the platform because if you deactivate it, the third-party applications configured with the website will not be able to track your activities.

These activities help enhance the overall performance of the website and can help the admin track things properly to help the business grow.

## iii. Personalize Experience

These cookies are also known as the performance cookies. Its work is to collect information regarding how the website is being used, including the pages you visited, the links you clicked, and the things you marked as your favorite.

None of this information can be used to identify the user. It is all aggregated and, therefore, anonymized.

Click the toggle switch beside the heading to turn it ON  or OFF .

 If you don't accept this cookie, you will not be able to experience a personalized experience where you see and are directed to things that are related to your choices.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.

- **To (Date):** Select the end date to define the date range.

Click the field and a calendar will appear. Follow the same method you followed when selecting the **Date From** value to select this date.

The **Date From** value has to be a previous date always, and the **To Date** value has to be a date that falls after the date value selected in the **Date From** field.

For instance, if the **Date From** value is 24/09/2020, the **Date To** value has to be a date that comes after this date, such as 25/09/2022 or any future date. The **Date To** value can't be a date before 24/09/2022. If you add wrong values, no results will show up on the list.

Search for a transaction by editing just one field or even a group of fields. In addition to this, if you want to view transactions made between a date range, use the date fields.

Once you have filled in the fields, click **Search** to get the results.

Click **Clear** to clear all the fields and start over again.

## 6. Language

Change the language of the dashboard using this feature. Click Language from the navigation menu to view the language options.

You will see the current language that the dashboard is in, highlighted. In this case, it is English. The dashboard opens in the default language, as selected by the admin. But you can view it in any other language that it is available in. The additional languages are called secondary languages.

For instance, when we click Arabic to change the language to Arabic, this is how the dashboard will look like.

Like this, select the language you want the dashboard to be converted into.

The admin decides how many secondary languages should be there for the platform. Based on this, you will see the respective secondary language options here.

However, this module will not be visible if the admin has selected just one language option for the platform.

**DISCLAIMER:** The color theme and labels might differ in the screenshots as compared to on the platform.
